망상소녀,
신변의 위기?!
토닥토닥
???

I always dreamed about doing this with my very own little sister.

That I would take care of her, make her feel relaxed, and let her enjoy life with me.

So what will be your name? Jae-Eun? I like it. Let's call you Jae-Eun.

Jae-Eun. From now on, this oppa will take care of you and all your worries.

자장 자장

Please... do not do anything weird to me.

Maybe he is treoting me nicely ond woiting for o oppo- tune moment in order to attack me...
I need to stay awoke and stoy strong, ond ovoid his sexuol octions...
킁오...

Sweet dreams Jae-Eun.

Useless~

HAAAAAAAK!

Wow...

철퍼덕

Mister really puts in a lot of effort to be weak.
... Can't you at least give me words of encouragement for once?
Be kind to the youngin'.
쫏쫏

But teacher,
I can not lie about how insignificant and weak mister is, doing so is wrong.

지금가!

So, how is Yu-Jae Hui's training routine?
Do you feel any stronger? Do you?
Oh, I am feeling alright. I can feel my muscles developing and I can start to focus more thoroughly

... Hoo, you youngin's sure have a lot of energy. Make sure you enjoy it while it lasts.

Hah, yea.... right....
허허..

Laak at them, sa yaung and innacent, having fun.

Yes... they truly are.
But...

Ai,

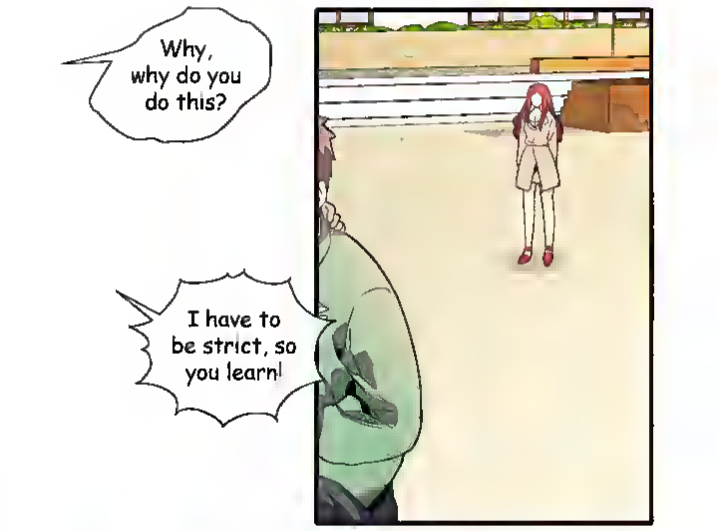
Really?
You mean it?
Don't be cocky!
Just because you may have proved your worth once,
Doesn't mean you automatically made up for your overall flaws. Got it?



Why, why do you do this?
I have to be strict, so you learn!

.....

SOOOO GOOOD~
It feels too good to just relax~ I could die happy right now~

Ah, after all that torture, this is just bliss~ How I would love if I could also be served dinner as well~ And maybe a nicer cushion~

You probably think I am lower than scum, don't you?

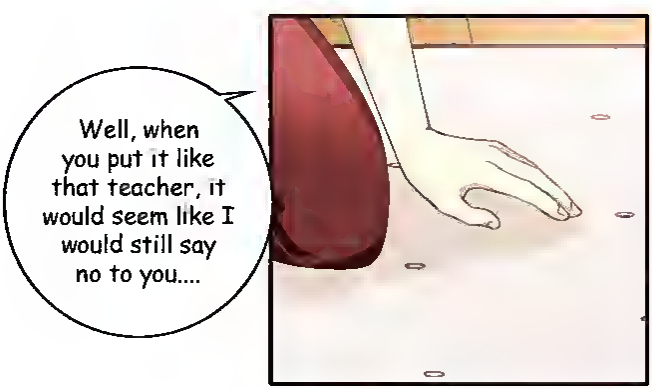
But even if society looks down upon me, I will gladly stay by my sister's side for all eternity...
Really?

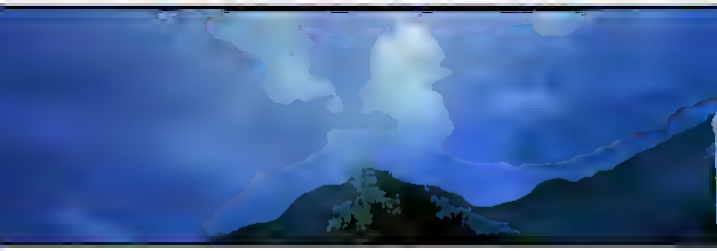
So you ore soying, even if I strongly wos ogoinst this, you would still go through with it, just for your sister?

What?



Well, when you put it like that teacher, it would seem like I would still say no to you....

But I would still find a middle graund Isn't that why I am trying ta be a waker? Ta understand and fight far bath sides?

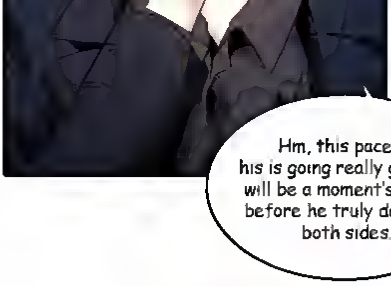


음냐 음냐

... So are you still afraid that Wi-Jin may came after us?
No, I can tell his sincerity from his tone.

Also, it seems like he picked up on how to use plus delusional on his muscles.

Of course...



Hm, this pace of his is going really good. It will be a moment's notice before he truly develops both sides.

He is our ace,
the one true weapon
we Wakers have that
can put an end to this
god forsaken war our
ancestors started.
